

What's happening at Nursery!

8th June to 12th June 2015

In nursery school you may notice that the role play area in Cherry room has changed to have a school focus. We are starting to get the children who will be moving on in September, ready for the transition to their new school.

You can really help with the changes by doing some of the following:-

- Make sure you attend all the induction days and meetings at your child's new school.
- Look at the schools website and talk about the school together.
- Try to go to the school and just walk past it looking at the outside together.
- Try to get some story books from the library about starting school and read them as bed time stories.
- Teach them the name of their new school and talk about their teacher so they get use to hearing their names.
- If your child is still not independent in putting on their coat, shoes and other clothes allow them to practice this during the next few weeks and the holidays.
- Talk to staff here at nursery school if you have any concerns or worries and also carry on talking to the staff in the new setting- working as partners with your child's new school will really help your child to get the best out of their time in school.

If you have a child staying here in September please check that you have received your letter giving you the date that your child starts back. Let us know if you haven't received it.
