

What's happening at Nursery School !

Monday 16th October 2017 to Friday 20th October 2017

Thank you very much to all of the parents and carers who were able to join us last week on our trip to Sutton park. These learning opportunities could not take place without your support. The children really benefit in so many ways from these "hands- on" experiences. Trips to the park really support children's language development, confidence, understanding of the natural world and physical development as well as being really good fun!

This week we hope as many of you as possible will join us to celebrate our "Children of the World week. This week of activities is a really good opportunity for all of us to get to know each other. It allows us to find out about the rich variety of languages, traditions and faiths that our children experience at home and with their families and helps to build relationships as we get to know one another better.

On Thursday this week it is Diwali, the Hindu festival of lights. If you would like to find out more about this celebration then you can take a look at the CBeebies website and watch some of the films that the children will be watching in Nursery school. We hope those of you celebrating this festival have a really enjoyable time.

We will be asking you to sign up for the parent consultation meetings too so please look out for the sign up sheets in the corridor in Nursery School. Dates for the consultations are overleaf. Please ask the Nursery School team if you are unable to attend on the date we have allocated.
